

Hey
parents!

Turn your empty ink and toner cartridges into cash for our school.

Good news. Our school is participating in Staples Recycle for Education, a great way to raise money for our school and help the environment, too.

Staples will pay our school \$1 for each eligible cartridge.

It's Staples way of helping our school — and the earth. And it adds up fast!

How your family can help:

Just send your empty inkjet or toner cartridges to school with your child.

Please send laser cartridges in a box — just use the one from your new cartridge! It's that easy.

STAPLES

that was easy.™

School contact:

Collection box is
located in main office.

THANKS!
