

In an effort to come into the new millinium we are going to try to make the BCMS Newsletter and other BCMS Information available to view on our website as well as give families the option of having it emailed to them. This will save on the amount of paper used and make sure the newsletters do not end up in the black holes of backpacks or notebooks.

Please take this opportunity to fill out the information below, detach and return to your child's homeroom teacher. Please return the form even if you do not wish to be added to the e-mail list.

This transition will be a slow one, PLEASE be patient.
