

Frederick County Public Schools and the Frederick County Health Department through the Safe Routes to School Grant are sponsoring a workshop to teach parents and administrators about Walking School Bus programs.

# The Walking School Bus

A walking school bus is similar to a regular bus except that it has feet instead of wheels. It is a fun and easy way for kids and parents to be more active and get to school at the same time.

Learn About a Fun New Way to get Your Kids To and From School

- how to organize one in your neighborhood,
- how to address issues and concerns
- much more.

The workshop will be lead by a national Safe Routes to School expert.

**When: October 5, 2009; 11:00 am to 3:00 pm**

**Where: 7630 Hayward Road, Frederick Maryland; in the Staff Development Room**

Registration is necessary so materials can be prepared for you. To register for this free program, email [cbowers@fredco-md.net](mailto:cbowers@fredco-md.net), or call (301) 600-1778
